2. Please comment on what the instructor could do differently/better. (Please be specific.)

She could mix up class activities more, maybe include a wider range of activities.

Go into chapters more.

Actual deadlines for Applia & chapter quizzes.  
Having the ability to do them whenever I wanted was bad for some student b/c we procrastinated. Too much leeway.

Be clearer on the assignments and the material

She could add a bit more structure to in class assignments.

more visual aids (videos, chalkboard etc...)

Better ways of teaching were out there students will learn from the fun exercises

Explain the terms a little better

Maybe more consistency in quiz structuring

I thought she did well, so no adjustments

Teach/lecture

lecture less, more fun activities; BINGO!

More lecture to help students better understand versus the group work in class.

Some of the activities in class could be ~~more~~ easier to do.
